SENIOR PROPHECY

Ah-a-a-a, don't touch that dial. This is the M.H.S. Broadcasting Station bringing you the late news and predictions of things to come of the Class of 1947. Again Stieglitz Brothers' Cough Drops bring you that well-known commentator, Philip Beer, who has just returned from his vacation at Little America, Antarctica. In just one moment you will hear Mr. Beer, but now a word from our sponsor.

Have you been troubled with a cough lately, due to a cold or throat congestion? If so, run to your nearest drug store and buy the economical 10c package of Stieglitz Brothers' Cough Drops. This famous cough drop was created in 1951 by James for his brother, John, who found himself unable to talk the evening before the National Debating Contest. These cough drops worked such wonders for John that the brothers decided to offer them to the entire world.

This is Edwin Stutzman bringing you Mr. Beer. And now - - - Mr. Beer:

Good evening, Mr. and Mrs. America, let's go to press - - -

FLASH: Georgia's famous Cleveland Cafe, owned and operated by Margaret Cleveland, was completely destroyed by fire early this morning. The head waitress, Mary Jean Wolferman, saved many of the customers' lives, including the famous consultant on treatment of blond hair, Marian Altvater.

FLASH: Robert Ruch won his third auto race today at the Indianapolis Speedway. He was driving the new "Speed King," designed by that world-famous mechanic, Junior Chupp. Many of Mr. Ruch's associates say that his racing days began when he was a student in Milford (Indiana) High School.

And here's an interesting bit of news:
That famous matrimonial bureau in Reno, Nev., operated by Miss Clara Graff, has turned the tables again, for Miss Graff married one of her most persistent correspondents.

Churchill Downs:
That world-famous horse, *Man of Jury*, has added another star to his career by winning the Kentucky Derby yesterday. He was ridden by the famous jockey, Rod McCreary.

FLASH: Gerald Miller, who lives southwest of Milford, Indiana, has invented a mashed potato. Mr. Miller said he had been working on this project ever since he left high school. Mr. Miller will make a trip to Washington, D. C. to converse with the Secretary of Agriculture about his new invention.

Mr. and Mrs. Jack Mason, of Syracuse, Indiana, became the parents of quintuplets last evening. As you all know, these are the first quintuplets to be born in the United States. The quints and their mother are reported to be doing fine. Mrs. Mason is the former Patricia Kline of Milford, Indiana.

New York: Harry Doty, the well-known professional basketball player, who has been spending his vacation in this city, has signed up with the Zollner Pistons. Mr. Doty stated that he was anxious to get back to a team in his home state of Indiana.

Opening tonight at The Diamond Horseshoe will be the well-known girls' trio, Ellen, Peg, and Pat. These girls started singing together back in high school in Milford, Indiana.

Hollywood: Joe Ruch, who has become a second Bing Crosby, is climbing fast to stardom. He now has his own radio program, so that all of you girls can swoon right in your own homes.

New York: Wayne Riggs, that famous jazz band director, was married here in The Little Church Around the Corner at high noon for the fifth time. Mr. Riggs said he believed he'd finally found the right girl. We certainly hope so, and give him our congratulations.

FLORIDA: Keith Troup, proprietor of the large gambling casino, "The Pickpocket," has just returned from a trip around the world. Mr. Troup related that he saw many interesting prospects for his business.

And now, a word from our sponsor before I bring you my story and predictions for the evening.

Stieglitz Brothers' Cough Drops, those wonderful cough checkers, not only contain that marvelous new element, Zercano, but they also contain chloroform and vitamins B and D. So you can easily see what a bargain you get in a 10c package. Is it any wonder that Stieglitz Brothers' Cough Drops are used more than any other cough drop on the market? Don't delay! Run today to your nearest drug store and say:

"A box of Stieglitz Brothers' Cough Drop, please."
And now, back to Mr. Beer - - -

Here is our story of the evening:

The little man who has been trying to grow for so long has finally reached his aim. Mr. Robert Buhrt, commonly known as "Bob", from Milford, Indiana, has grown a "whole" inch since he started taking the magic growing pills furnished by that "quack" doctor, Evelyn Johnson. Dr. Johnson started working on these pills in chemistry lab while she was in high school. Mr. Buhrt, who is staying at the "We Grow 'em" Hospital, is under the care of Betty McFarren, the nurse, who is ecpecially trained in caring for such cases. All of you short folks who long for the manly stature which these pills will give you may mail your applications direct to the "We Grow 'em" Hospital, Manaquet, Indiana.

Here is my prediction for the evening:

I predict that Louise Pinkerton, famous for her fine cattle farm, will take the grand champion award at the National Livestock Show which will be held in Chicago next month. Her most famous steer, Doll Face, has won many prizes at national exhibitions.

And now I will turn you back to my announcer, Edwin Stutzman.

Thank you, Mr. Beer, and now, I would like to remind all of you not to forget to get that handy little package of Stieglitz Brothers' Cough Drops.

Don't forget to listen tomorrow night at the same time when Stieglitz Brothers' Cough Drops will bring you that well-known commentator, Philip Beer. Until tomorrow night this is Edwin Stutzman wishing you good evening and good wishes.

E. C. and E. J.

Chorus

The chorus, under the direction of Mr. Judkins, is made up of students from grades 9 - 12 who are interested in music and especially singing. Every Thursday the last period in the day the sounds of voices trying to blend together in a harmonious way issue from Room 11. This past year the chorus has appeared in public four times and given one assembly program. On December 17, the chorus presented the operetta, "Marianne." This was the biggest event of the year for the chorus and it was one of which they could be proud. Again this year the chorus is trying for a good rating in the chorus contest. This is one of the events the chorus looks forward to all year. The chorus also appeared in the joint Band - Chorus Contest on March 14. The last appearance of the chorus in the year 1946-1947 for the people of Milford was at the Baccalaureate Service on May 4.

BAND

One of the most active organizations of the school, the Milford High School Band, is one of which we can all be proud. The band, composed of 46 members, gives a spring concert in March of each year for raising funds. The band also makes various other public appearances when it plays for Farmer's Institute, pep sessions, and other social affairs. The band also gives summer concerts each week from June through August.

This year the main project of the band has been the raising of funds for band uniforms. This project was started in the fall when the Lions Club had a public sale in which everyone donated articles to be sold. This proved to be quite a success, so the Lions Club continued to help the band in raising funds. A box social was held in the gym in February. All bids for boxes were put into the band uniform fund. The spring concert of the band was the last effort to raise the remainder of the money needed to buy the uniforms. Admission to the concert was nine cents and each person donated what he wished. This concert was a big success and the remainder of the money needed was raised.

Each year the band looks forward to the band contest which is usually held in April. Many students in the band also enter the solo and ensemble contest.

The ten members of the senior class who leave the band this year would like to wish the band and Mr. Judkins success in the future.

CALENDAR

AUGUST

30—Started to school! Twenty-two seniors were enrolled.

SEPTEMBER

2—This was the first whole day of school, with everyone wondering how soon school would be over.
3—Annual staff was appointed.
3—Seniors all wondering when our rings were coming.
6—Our rings arrived! Hear the Ah's and Oh's and the "Do you have some extra money that I might borrow?"
9—Everyone trying to get everyone else to sign up for the sport shirts. *"Be Patriotic to Your School with a School Sweat Shirt"* was the slogan.
11—Professor Shultz gave the first assembly program with a talk about his trip to Poland.
12—Leone Studios photographer met with Annual Staff today. The pictures they had of some of those pretty girls were knockouts, weren't they, fellows?
12—Juniors had the first class meeting of the year, elected officers and sponsor.
24—Sophomores elected their officers and sponsor.
25—The Juniors selected their play. Are they ever in for the fun and work now!
26—First holiday of the year. Thank goodness for the homecoming this afternoon!
29—Come one, come all - - to the first school skate at Warsaw.

OCTOBER

2—The band met and elected officers today.
3—Juniors choose play cast.
4—Congratulations are in order. Milford won the softball tourney!
9—Paper Staff has decided we will have a paper.
10—Some more officers elected and another sponsor. This time it was the Eighth Grade.
14—The Senior class and individual pictures of undergrads and group pictures were taken.
22—Seniors choose announcements and name cards.
24-25—Two whole days at home or elsewhere, for this is Teachers' Institute.
27—Cheer leaders were chosen. We know the four Seniors will be good!
29—Read all the gossip, for the first school paper, published by *The Milford Mail,* came out today. Senior proofs arrived! What mugs! Undergrads also came.

DECEMBER

1—Our first ball game of the year. We won it, too! A good start, fellows; keep it up, kids.
4—Operetta cast chosen.
9—One-half semester gone and chemistry class is still in the dark.
14—Junior Class Play given. Swell job, kids!
16—Augsburger's farm was the scene of the benefit sale for the band uniform fund.
20—Annual Staff ordered covers for the yearbooks today.
26—The civics class heard the first joke of the year from Mr. Young. Get the point, kids?

27—Oh, oh! One of the civics tests again! We will learn to study one of these days!
28—Beginning of Thanksgiving vacation. How soon will Christmas vacation come?

JANUARY

2—The every day grind of school has begun again. The vacation was wonderful—while it lasted.
5—Everyone is wondering if the coal strike will shut down the school.
8—Miners went back to work, so guess something else will have to happen before they let school out.
13—We played Fort Wayne Central and were beaten, but everyone enjoyed the trip to Fort Wayne.
17—May I see! May I see! The Seniors heard this all afternoon as our pictures had arrived. I believe everyone was well pleased as Lockridge Studios flattered us properly.
17—The Chorus presented the operetta, "Marianne." A job well done, kids!
20—The Footlites Club presented a Christmas program for the assembly in the form of a radio play. The plays were written by the Senior English class. My, what talent!
21-29—CHRISTMAS VACATION! How wonderful! Just think, you can sleep as late in the morning as you want and stay out as late nights as you want. (????)
31—What are you going to do tonight? This was the main topic of the day. All teachers warned students to appear next morning in school.

JANUARY

1—All the sleepy-heads managed to drag themselves to school. How many went to sleep in class today?
2-3—Exams!! I forgot everything I learned last semester during Christmas vacation. Did you remember?
4—The chemistry students were heard talking about their exams. What was wrong, kids, was the test hard or were you just dumb?
5—How many subjects did you flunk? This was the $64 question today.
7-8—Have you bought your ticket to the tourney? We are going to win, you know, so be sure and be there!
10—Our last home game before the tourney and it was with Syracuse. Of course we won!
15—Clean your ears, everyone. Hearing test today.
18—MILFORD WON TOURNEY!!! Congratulations, team, you did a swell job and we really appreciate it.
20—The presentation of the trophies won so far this year took place in the asembly today. None of the boys would say anything!
22—Rest of the group pictures for the annual were taken today.
29—This is one of the "slickest" days in history around here. Everything was covered with ice, and all the busses were late.
30-21—The ice storm closed school. Things really look a mess. We needed the vacation, though!

FEBRUARY

1—Only two more grading periods left of school.
7—Here comes another one of those days when the teachers seek revenge on their students by giving tests. Seniors enjoyed another civics test.
5—Measured for band uniforms. Wasn't half bad, was it, kids? The uniforms are supposed to come the early part of March. Here's hopin'!

14—Many Valentines received—by the teachers, that is. Lions Club had a box social for the band uniform fund.
17—Seniors very much disappointed, for the trip was cancelled for this week.
18-19—Sectional Tourney tickets on sale.
20—Milford drew Larwill in Sectional Tourney. Who said we played Silver Lake?
24—Gabby Garber predicted that we would win the tourney. Do you suppose that cake he won at the Junior Cake Walk had anything to do with it?
26—Tourney has started. Here's hopin' we win!
28—No school today because of the tourney. Milford lost to Leesburg today. It was quite a disappointment, but always another year to look forward to.

MARCH

1—Do you students realize that there are only two full months of school left yet? Where has the time flown?
3—Most of the busses arrived late this morning with only half a load. School was dismissed at noon because of weather. Some of the roads were really badly drifted.
3—Did you hear what those seniors are going to do? They planned a trip for tomorrow. Dumb, wasn't it?
4—Seniors, along with Mr. Young, Mr. Beiswanger, and Mr. Augsburger, went to Indianapolis. We did have a swell time even though we didn't get out of a day of school. School was dismissed because of the severe weather.
5—All Seniors were sneezing. Couldn't have caught cold yesterday, could you? Seniors finally, after much arguing, choose the color of their caps and gowns. Girls won out with blue and gray.
10—Practice for the band concert was started diligently today.
11—The band uniforms are supposed to arrive today, but they didn't. All band students as well as everyone else is wondering if the uniforms will be here by Friday.
14—The uniforms arrived on the morning train. What a relief! The concert was given. The chorus helped the band out by singing several numbers at the beginning of the concert. The girls certainly looked nice in their formals. Didn't the band look neat in those new uniforms? Concerts like these make us proud that we attend Milford High School.
16—From here on out this is purely guess-work, so if some of these events never happen, that is the reason why.
17—The Annual Staff completed the dummy copy and sent the Annual merrily on its way. The staff has finished its job; it's now up to the publishers. We tried to get the annual out before school closed.
21—Everyone is rejoicing over the fact that there are only six weeks of school left. The one high school party of the year. Why don't we have more, for they are a lot of fun!
24—Seniors choose their class play. It is to be "Heroes Limited."
27—The cast for the Senior play was chosen.
28—This was to have been the night of the Senior class play but the Seniors were so busy (?) that it was postponed until April.
29—Solo and Ensemble Contest at Fort Wayne. How many firsts were brought home?

APRIL

1—Only a full month of school left! Spring doesn't seem far away now.
4—The Junior High had a party. The 7 - 8 grades get along pretty good at times!
12—Band contests! We hope they bring home the honors. If the uniforms have anything to do with it, the band will get *first!*
19—Juniors entertained the Seniors with a trip instead of the usual reception. Nice for a change (we all hope).

21—The Seniors presented their class play. This was the last event of this kind for the Class of "47".
28—Last year at this time we were all struggling through the final exams. School was out a year ago today.

MAY

1—May Day celebration! This was the first year students in Milford had ever been attending school in May. The celebration was quite an affair.
3—Seniors, enjoy your last few days of school, for your high school days are almost ended.
4—Baccalaureate services were held in the Methodist Church. Didn't the Seniors look dignified for a change, in the caps and gowns?
5—Exams started this afternoon. Cramming for the finals is completed now. Did it do any good?
6—Last day of school!!! Did you learn anything this year?
8—Commencement exercises. We wish the Seniors luck in the coming years. Come on, undergrads, won't you miss us just a little bit next year?

and on . . .

into the future

This makes the fifth consecutive year for taking the honors of County Champs. With the seven wins this year, our Trojans have a record of 30 wins and 2 defeats in the last five years.

SOFTBALL PERSONNEL

JUNIOR CHUPP

Junior was back behind the plate again this season for his second and last year on the team. He led the rest of the boys with his high batting average and was a great asset.

KEITH TROUP

This was also Keith's last year on the team. He played his regular center field position, the same as last year. Keith was elected captain of the team this year and will be a big loss next season.

JOHN STIEGLITZ

This was John's first year on the team and he did a good job of playing right field. His fielding average will show that. John is a Senior and his position will have to be filled by somebody else next season.

JIM STIEGLITZ

Jim did most of his playing in the first part of the year, as Bill Speicher had a sore thumb. Jim was a good hitter, as his average shows. Jim was a big help this year and will be missed a lot next season as he is also a Senior.

DON WOLFERMAN

Don was back on the mound again this year as a Junior. He really kept those batters puzzled and will do the same next year. Don was elected the most valuable player this season.

LEWIS SPEICHER

Louie was back on the job this year but he wasn't playing shortstop. He was doing a good job of holding down second base, with a high fielding average. Since Louie has played his full four years he will not be able to play again next year.

BEN KAISER

Ben is a newcomer of the team, but was doing a grand job of holding down shortstop. He also tried his arm at pitching. Ben was a Sophomore this season and will be a big help next season.

DICK KAISER

This was Dick's first year on the team and he did a very successful job of playing third base. Dick was a Junior this year and will be looking forward to a good season next year.

DUANE GRAFF

As a Sophomore this year, "Skip" was right in there all the time. He played a good game in the left field position. Skip will be back for a couple of more years and will be a big asset.

BILL SPEICHER

Bill didn't see much action in the first part of the season this year because of an infected thumb. He really did a grand job of playing that first base later in the season. He will be an important man on the team next season.

Junior Hamilton, Harry Orn, Bob Auer, Philip Beer, and Chuck Myers all did a swell job of substituting. All of them, with the exception of Phil, who is a Senior, will be back again next year and fill in where needed.

VARSITY PERSONNEL

PHILIP BEER

Phil played his last year this season and will be greatly missed at that forward spot. He was named on the All-Sectional Team. Phil's regular position was a great defensive one and also started a lot of plays. Phil was elected captain of the team this year.

LEWIS SPEICHER

Lew filled his forward position again this season for his second year and will be back next year. Lew was one of the highest scorers in the county this year. He was also named on the All-County Team.

DON WOLFERMAN

As a Junior this year, Don came through for his second year as a great defensive asset. He did a good job of getting rebounds and playing that center pivot spot. Don will be of great value on the team next year.

BILL SPEICHER

Bill will be back again next year at his regular guard position. He was a big asset this year and was known for his long set shots on which he had a good average. Bill also helped start the important plays. He was named on the All-County Team.

DICK KAISER

This was Dick's first year on the team and next year, as a Senior, he will fill his position as guard again. Dick was noted for his "under the basket" shots and also did a lot of screening on plays.

HARRY DOTY

Harry returned from the army this year and started playing again. He filled in at any position and did a good job. He helped very much in the County Tourney when Donnie had an eye injury. This was Harry's last year.

WAYNE RIGGS

Wayne was a senior this year and played a forward position. He was also on last year's team and filled in when he was needed. He will also be missed next year.

JUNIOR CHUPP

Junior played a guard position this year and usually filled in for Bill Speicher. He played a fast, lively game. He will be missed next year, as he is a Senior. This was Junior's second year on the team.

KEITH TROUP

Keith filled in the spots as center or guard and was always in there playing. He did a good job of subbing as a senior this year. Keith had a good one-hand push shot.

JACK KLOPENSTEIN

Jack is a sophomore this year and did a good job of fitting in. He has a lot of height and will be needed next year. Jack also helped out on the second team this year.

SMALL TALK

Doctor: "Ah, Miss Winkle, how is the boy who swallowed the half dollar coming along?"

Nurse: "No change yet, Doctor."

Poppa, Momma and Junior Bear went for a stroll across the desert. Desert-strolling is a hot, tiring procedure and so they decided to stop for a siesta.

Poppa Bear sat down and jumped up suddenly. "Ouch! I sat down on a cactus!"

Mama Bear looked around carefully before she sat down. Then she hopped up. "Ouch! I sat on a cactus!"

Junior sat down and stayed there.

His mother looked at his father and sighed, "Oh, dear, I hope Junior isn't going to be one of those dead-end kids."

Elmer Z.: "Do the Canadians have a Fourth of July?"

Bike: "Of course not!"

Elmer: "What do they do, go from the third to the fifth?"

Susie Moron wears pumps because she has water on her knees.

Have you heard about the confused little moron who wanted to know how many wheels a football coach had?

Chuck: "It sure was tough sledding yesterday."

Frank S.: "Why?"

Chuck: "No snow."

One cold and windy afternoon, papa, mama and baby turtle went out for a walk. Said mama to baby, "Pull your head under your shell. Do you want to catch cold?"

Said the little turtle, "I won't have to worry about catching cold if you would buy me a peopleneck sweater."

Bike: "I can't live with my wife any longer. She wants to keep a goat in our bedroom!"

Rohn: "I wouldn't let that upset me. Just open the windows."

Bike: "What! And let my pigeons fly out!"

Ann: "Marilyn, did you hear that loud thunder last night?"

Myers: "No, did it really thunder?"

Ann: "Did it! That thunder was so loud it sounded as though heaven and earth had smacked together."

Myers: "Why didn't you wake me up? You know I can't sleep when it thunders!"

Joe saw Wayne sitting on his porch holding a small piece of rope.

"What's that?" asked Joe.

"That's my weather vane," replied Wayne.

"How can you tell the weather with that?" queried puzzled Joe.

"When the rope sways to and fro, it's windy. When it's wet, it's raining."

Ben K.: "When George Washington admitted that he had chopped down the cherry tree, his father didn't touch him. Know why?"
Skip: "Sure. George had the hatchet in his hand."

Mrs. Krider: "Pat, why are you so late today?"
Pat Wiggs: "I couldn't help it. Th eclass started before I got here."

Garry and Jerry started hiking through the woods. Suddenly Jerry stopped and sighed. "What's the matter?" asked Garry.
"Oh, how I wish Emily Post were here," replied Jerry.
"For heaven's sake, why?"
"I think we took the wrong fork!"

Miss Orr: "What happens when the human body is completely immersed in water?"
Jean A.: "The phone rings."

Miss Orr: "Sue, where are you going?"

Sue Wiggs: "I was making a cake and the direction said, 'Put on egg in, then beat it'."

Bob: "What did one duck say to the other duck?"
Jim: "How should I know? What *did* he say?"
Bob: "Social Security."
Jim: "Social Security? I don't get it."
Bob: "You will before you're sixty-five!"

Did you hear about the moron who put a saddle on the stove because he wanted to ride the range?

Clara: "I'd like to buy a book."
Clerk: "What would you like, madam? Something light?"
Clara: "It doesn't matter. I have the car with me."

JOKES

Then there was the moron who threw a clock out of the window to see time fly.

Doctor: "I'm sorry, but I'll have to open you up again. I can't find my other rubber glove."

Patient: "Don't be silly. Here's a dollar; go out and buy yourself another pair."

Stuyvesant Splintz lived on the border between Minnesota and Wisconsin. He had a lot of tax trouble because he wasn't sure which state he lived in. This annoyed Stuyvesant so much that he hired a surveyor to settle the problem. The expert spent two weeks examining the farm. Stuyvesant followed him around anxiously. "You live," finally announced the surveyor," in Wisconsin."

Stuyvesant beamed and beamed. "Thank heaven," he exulted, "no more of those terrible Minnesota winters!"

A man, leading his horse, walked into a department store. He marched up to the elevator and asked the operator, "What floor are leather goods on?" "Six," she replied. The man then started pushing the horse into the elevator. The operator was quite upset and exclaimed, "Hey, you can't do that! Horses aren't allowed in this elevator." The man casually explained, "I have to take him in there: he gets dizzy on the escalator."

Mrs. Thornton went into a photographer's studio and asked him to enlarge a picture of her late husband. She gave him explicit instructions and concluded by saying, "And for heaven's sake, take off that awful-looking straw hat!" The photographer said, "Hm, I think I can do that. What color hair did he have and what side did he part it on?" Mrs. Thornton thought a bit, then smiled and said, "I can't remember, but when you take off his hat you can see for yourself."

If you can't laugh at the jokes of the age
Just laugh at the age of the jokes.

Wayne Riggs: "I am studying my best to get ahead."

Gus Beer: "Heaven knows you need one!"

Mrs. Krider: "Well, Harry, have you your oral theme?"

Harry D.: "No, ma'am, I didn't have time to finish it."

Mrs. Krider: "Well, what was your subject?"

Harry: "I didn't get that far."

Freshmen's faults are many,
Eights have only two
Everything they say
And everything they do!

Feather-Brained

I'd hate to be a farmer—I guess I ought to know;
I tried to raise some chickens, but the measly things won't grow.
The folks at our house laugh and laugh,
But I don't think it any fun
To plant a whole landful of feathers
And not a chick, not one.

Bike: "A fool can ask more questions than a wise man can answer."
Elmer Z.: "Is that why so many flunk in history examinations?"
Miss Orr (in chem. lab.): "If anything should go wrong in this experiment, we and the laboratory might be blown sky high. Please step a little closer that you may be better able to follow me."

Mr. Judkins: "Who was the smartest inventor?"
Bruce Baker: "Thomas A. Edison. He invented the phonograph and the radio so people would stay up all night and use his electric light bulbs!"

Deacon Jones was very ill. His brethren were keenly interested in his condition. Toward the end, bulletins were posted on the blackboard outside of the home.

1:00 A.M.—Deacon Jones very much worse.
2:00 A.M.—Deacon Jones sinking fast.
3:00 A.M.—Deacon Jones very low.
4:00 A.M.—Deacon Jones dead. Gone to heaven.

The little boy read the bulletin and then added this:

5:00 A.M.—Great excitement in heaven. Deacon Jones not yet arrived!

Miss Kantner had forbidden the eating of candy and chewing gum during classes. One day she became suspicious of a lump in Gerry Graff's cheek.
"Gerry, are you eating candy or chewing gum?" she asked.
"No," replied Gerry, "I'm just soaking a prune to eat at noon."

HUMOR

A sultan got sore at his harem,
And invented a scheme just to scare 'em;
He caught a small mouse,
Turned it loose in the house,
(The confusion he called *harem-scarem.*)

A young naval officer was drilling his outfit on deck. "Column right, ma-a-arch!" he barked. The men turned and headed toward the stern. Then the lieutenant was seized with a stuttering fit. He wanted to order the men to halt, but all his efforts to voice the order failed. The well-trained sailors kept on marching. At last, a bos'n called out, "Say something, Lieutenant—even if it's good-bye."

We know a moron who sat on a fruitcake and was electrocuted when he struck the currant.

Have you heard about the moron who tiptoed past the medicine cabinet because he didn't want to wake the sleeping pills?
